Dodd: Press Release

PRESS RELEASE

Jeffrey Dodd

The recent television exposé got it all wrong. As did *The Times*, *The Bee*, and *The Standard*. We did not cut a deal. This administration is committed to offering free ice cream sandwiches and kazooos to every citizen regardless of age, weight, or shoe size. When we've distributed the toys and treats, there will be a statewide celebration. We will announce a date for this party in *The Review*, *The Mirror*, and *The Sun*. Trust us. The preceding policy grows from thorough study in today's leading scientific journals. All of which say that dairy products and music lead to high levels of calcium and fun. Please understand that in order to achieve this monumental policy reform many of us will need to sacrifice other privileges and liberties. We urge you not to think of these sacrifices as a diminution of your rights. Rather, we hope you'll look forward, as we will, to the day when all the citizens of this land can join in one great kazoo choir, hum our great anthem, and lick our great melting sandwiches from the edges in.
